

# LEGO

SET 1

SET 2

SET 3

With modular components that can be reassembled like toy bricks, the LEGO series was designed to be creatively versatile and fit for small spaces. The sofa has wide armrests that can be used as a pillow when lying down, but also removed to reveal a built-in wooden table whose placement can be changed by adjusting the cushions. The sofa back, which is three-tiered, has a colour scheme that can be mixed and matched to add a personal touch. Crafted in weatherproof material that is both durable and easily maintained, the sofa is suitable for both indoor and outdoor use.

The LEGO double-deck side table provides stylistic contrast with its triangular top, designed for easy storage and access. The aluminium plate on the LEGO rectangular coffee table can be removed and placed on the footstool to create a second side table when needed.

**2-Seater sofa, left Module**
